

## Summer Update 06/07

Sue Ellen Gallery is the perfect place to find a special Christmas gift, or simply spend a pleasant time browsing in beautiful surrounds. We have been busy selecting some very special jewellery, investment-quality antiques and artworks in preparation for the festive season.

### **TWENTIETH CENTURY MASTERS: RENOIR TO CHAGALL**

**Exhibition: 23 December 2006 to 28 January 2007**

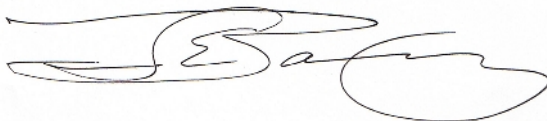

Original lithographs and etchings by Pierre-Auguste Renoir, Henri Matisse, Pablo Picasso, Joan Miró and Marc Chagall. All works are in mint condition, framed, and accompanied by a certificate of authenticity. The graphic works in this exhibition were sourced from private overseas collections.

An original etching or lithograph would make a charming gift for those who appreciate fine art. We can arrange delivery if required.
